Currencies we accept:

We accept payment in the following currencies:

US Dollars, Euro, Pound Sterling, Australian Dollars, Japanese Yen, Canadian Dollars, or Swiss Francs.

There are also other display currencies, which allow you to see product prices converted into additional currencies during the online order process for reference purposes.

Secure Order Process at Website:

The order process at element5 the payment gateway of Stellar is protected via a secure connection so that the data sent to the recipient can only be read by the recipient.

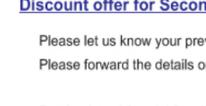

Important information such as credit card numbers, addresses, etc. is sent to the recipient securely via the Internet. All of the data entered on the protected pages is encrypted using the SSL (Secure Socket Layer) protocol. Our servers support SSL Version 3 and 168-bit Triple DES encryption. The RSA module and SSL sessions feature 1024-bit encryption.

In Netscape, you can tell that SSL is activated if you see a closed padlock in the lower left corner of the browser window. In Internet Explorer, the padlock icon is located at lower right in the status bar of the browser window.

If you do not see the padlock icon when you enter our order process from the product vendor's website, then please do not access the order form by left-clicking the link or button on the vendor's page, but instead right-click and select 'Open in new window' from the options displayed.

The padlock will then be displayed on this page.
